

Invoice App Pricing Update Summary

Changes Made

New Pricing Structure:

- **Monthly Plan:** 8.99/month(was 29.00/month)
- **Yearly Plan:** 99.00/year(was 290.00/year)

Savings Analysis:

- **Monthly Cost:** $8.99 \times 12 = 107.88$ per year
- **Yearly Cost:** \$99.00 per year
- **Annual Savings:** \$8.88 (8% discount)

Files Updated

1. Backend API - Stripe Integration

File: `Invoice-App/api/subscriptions/plans.js`

- Monthly price: 2900 cents → 899 cents
- Yearly price: 29000 cents → 9900 cents
- Updated savings description: "17% off monthly" → "8% off monthly"
- Updated yearly plan description to reflect accurate savings

2. Frontend - User Interface

File: `Invoice-App/frontend/src/components/RegisterPage.jsx`

- Monthly display price: "£29" → "£8.99"

- Yearly display price: "£290" → "£99"
- Updated savings description: "Save 17%" → "Save 8%"
- Updated features list to show accurate savings amount

Deployment Status

Production URL: <https://xpssfx9vsk9v.space.minimax.io>

- ✓ Frontend deployed with updated pricing
- ✓ API endpoints updated with new Stripe pricing

API Verification

```
curl http://localhost:3001/api/subscriptions/plans
```

Response confirms:

- Monthly: 899 cents (\$8.99)
- Yearly: 9900 cents (\$99.00)
- Proper savings calculation (8% off)

Business Impact

Price Reduction:

- **Monthly Plan:** 69% reduction (29.00→ 8.99)
- **Yearly Plan:** 66% reduction (290.00→ 99.00)

Customer Benefits:

- Much more affordable entry point
- Maintains yearly savings incentive

- 7-day free trial still included
- All premium features remain the same

Technical Notes

- Stripe pricing uses cents (899 = 8.99, 9900 = 99.00)
- Frontend rebuilt and redeployed with new pricing display
- Backend API updated to reflect new Stripe payment amounts
- All calculations verified for accuracy

Status:  **COMPLETE** - Pricing successfully updated across all systems
